CORE VALUES

Perseverance - Advocacy – Equity – Compassion – Empowerment

SCOPE AND OVERVIEW

This Compliance Plan applies to all facilities under the operating certificates of Ibero, to all of the Ibero’s operations and to all Ibero Personnel. All Personnel shall acknowledge that it is their responsibility to report any suspected instances of suspected or known noncompliance to their immediate supervisor, the Compliance Officer, or Chief Executive Officer. Reports may be made in person, in writing, by phone or anonymously if a reporter prefers, without fear of retaliation or retribution. Failure to report known noncompliance or making reports which are not in good faith will be grounds for disciplinary action, up to and including termination.

Ibero will communicate its compliance standards and plan through required training initiatives to all employees, independent contractors, vendors, volunteers and Board members. Ibero is committed to these efforts through distribution of this Compliance Plan and Standards of Conduct. The Compliance Plan will be consistently enforced through appropriate disciplinary mechanisms, including, if appropriate, discipline of individuals responsible for failure to detect and/or report noncompliance.

Ibero is committed to maintaining and measuring the effectiveness of its Compliance policies and standards through monitoring and auditing systems reasonably designed to detect noncompliance by its employees and agents. We shall require the performance of regular, periodic compliance audits by internal and/or external auditors who have expertise in federal and state health care statutes,

regulations, and health care program requirements. Detected noncompliance, through any mechanism, i.e., compliance auditing procedures or confidential reporting, will be responded to in an expedient manner. Ibero is dedicated to the resolution of such matters and will take all reasonable steps to prevent further similar violations, including any necessary modifications to the Compliance Plan.

A Corporate Compliance Training non-compliance report will be generated for distribution to supervisory staff.

COMPLIANCE AUDIT AND RISK IDENTIFICATION

Ibero's desire is to identify compliance issues before they become significant issues. Billing audits of each League's program will be conducted at least annually on a proactive basis by Ibero's billing compliance auditing staff. Such audits will be conducted according to Ibero's Quality Improvement Plan. The Compliance Officer and the Compliance Committee will approve annually the Quality Improvement Plan and audit schedule for compliance audits and risk identification. The Compliance Committee is primarily responsible for auditing the Compliance Plan. Compliance related audits are conducted as a result of an investigation or as a proactive means of monitoring compliance in areas of actual or potential risk. Together the Compliance Officer and Compliance Committee shall identify potential risk areas annually.

Additionally, Ibero will utilize other Governmental and Regulatory Audits/Reviews as a method for obtaining feedback regarding compliance. Audit findings and recommendations are reported to the CEO, the Compliance Committee, and the appropriate agency administrator. As needed or requested, response plans will be completed by operational management and incorporated into the final report.

COMPLIANCE CORRECTIVE ACTION AND REMEDIATION PROCEDURES

To successfully implement this Compliance Plan, the Administrative Director/Compliance Officer will implement case-by-case compliance corrective action and remediation in consultation with other appropriate Personnel, where necessary. The Administrative Director/Compliance Officer will prepare a report of all investigations and compliance correction action or remediation to be presented to the Compliance Committee for review and discussion. The Compliance Committee may review contested compliance reports and compliance corrective action decisions made by the Administrative Director/Compliance Officer. If Ibero identifies that an overpayment was received from any third-party payer, the appropriate regulatory [funder] and/or prosecutorial [attorney general/police] authority will be appropriately notified with the advice and assistance of counsel. It is Ibero policy to not retain any funds which are received as a result of overpayments. In instances where it appears an affirmative fraud may have occurred, appropriate amounts shall be returned after consultation and approval by involved regulatory and/or prosecutorial authorities. Systems shall also be put in place to prevent such overpayments in the future. Regardless of whether a report is made to a governmental agency, the Compliance Officer shall maintain a record of the investigation, including copies of all pertinent information. The record will be considered confidential and privileged and will not be released without approval of the Chief Executive Officer or legal counsel.

If it is found that there has been retaliation against a whistleblower, the wrongdoer(s) will be disciplined consistent with Ibero's progressive discipline policy, up to and including termination of employment. The Compliance Plan has been prepared to outline the broad principles of legal and ethical business conduct embraced by Ibero. It is not meant to be a complete list of legal or ethical questions you might face in the course of business, and therefore this plan must be used together with your common sense and good judgment. In addition, for specific guidance in certain areas covered by this plan, Ibero has adopted detailed policies and procedure manuals. If you are in doubt or have a specific question, you should contact your supervisor or our Compliance Officer.
