

Hispanic Scholarship Endowment Fund 2025 Scholarship Donor Agreement

This agreement has been established to outline the details of scholarship donors who would like to support Ibero’s Hispanic Scholarship Program. Each scholarship donor is responsible for determining the amount of their scholarship and how much would like to designate to each scholarship if more than one scholarship will be provided. *Scholarships start at a minimum of \$500 each.*

In 2024, we were able to increase the minimum award to \$1,000 per applicant, and we are committed to sustaining this improvement moving forward. To achieve this, scholarships below this amount were combined with additional funding. Please take this into consideration when confirming your commitment.

Scholarships start at a minimum of \$500 each. Any scholarships valued at less than \$500 will be combined with contributions from another provider to meet the \$500 minimum. I understand that students are selected and ranked by Ibero’s Hispanic Scholarship Selection Committee, which is comprised of well-known and experienced members of the Rochester community. I also understand that the Ibero American Action League will process payment directly to each college/university/student and as such, requires me to provide direct payment to the Ibero American Action League by April 4, 2025. Payments to students will not be processed until Ibero has confirmed their official college enrollment.
